Feedback:

Dear Shahnawaz,

I wanted to take a moment to review your recent scores in Math, English, and Science. Overall, you did a fantastic job! Your scores in all three subjects are above average, and I am impressed by your dedication and hard work.

One strength that I have noticed is your ability to consistently perform well in different subjects. This shows that you have a strong foundation in learning and a diverse set of skills. Keep up the good work!

One area where you could continue to improve is in developing your critical thinking skills. Critical thinking is an important skill that will serve you well in all areas of life, and it will be especially helpful in subjects like Science and Math. Try to challenge yourself with more complex problems and think deeply about the solutions.

Overall, I am very impressed with your scores and your progress. Keep up the great work, and don't hesitate to reach out if you need any further assistance.

Best regards,
