Dear Shahnawaz Anwar,

I wanted to take a moment to acknowledge your achievements and provide you with some feedback on your recent exam scores. Overall, you did a great job in your math, English, and science classes, earning strong scores of 78/100, 82/100, and 81/100 respectively.

One strength that stands out is your solid performance in English, where you earned an impressive score of 82/100. Keep up the good work in this area!

One area of improvement could be in math, where you scored a respectable 78/100, but there is always room for improvement. I would recommend reviewing any areas where you struggled and practicing more math problems to further strengthen your skills.

Overall, you have done a great job and I am confident that with continued effort and dedication, you will continue to excel in your studies.

Best regards,

Your Education Assistant
